# vi. Institutional set-up for liquidity risk management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to in the course of conducting its business. The Board approves the governance structure, policies, strategy, and the risk limits for the management of liquidity risk.

The Board of Directors of the Company has constituted an Asset Liability Committee (ALCO). The main objective of ALCO is to assist the Board and Risk Management Committee in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity and interest rate risk management and to ensure adherence to risk tolerance/limits set up by the Board. ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds. ALCO meetings are held once in a month.

The Risk Management Committee constituted by the Board of Directors is primarily responsible for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company.
